

2019 Golden Gate Invitational Tournament/Campus Policies

An overview of basic practices and policies for the 2019 GGSO tournament.

Fairness: Out of fairness to all teams, the official event rules will be followed as closely as possible. Events will be run according to **REGIONAL** rules. If one block of competitors is adversely affected (i.e. starts late or receives a hint 15 minutes into the exam), we will attempt to treat each block the same. Additionally, clarifications affecting everyone will be made in the **FIRST** block. If a problem is found in later blocks, no change will be made.

Disqualification/Tiering: A team may be disqualified for the following reasons including but not limited to:

- Persistent behavioral problems from students, parents, and/or coaches
- Communicating with a non-competitor during an event (including parents and coaches)
- Opening an unauthorized electronic device or unauthorized use of computer given during the event
- Blatant cheating (e.g. looking at other competitors' papers)
- Going over the specified time limit
- Giving information about the event to other teams
- Cleanup penalties: Event supervisor will make clear beforehand (e.g. will state if students can be penalized for cleaning up after time is over)

Event challenges/concerns: If an issue with an event arises, the disputes should first be handled informally as a conversation between the competitor and the event supervisor. If there are any concerns that can't be handled this way, please file an appeal through the Scilympiad online submission system at <https://statescioly.org/golden-gate/>. Coaches may also contact the arbitration committee by phone at 206-484-6767 or in person at the director headquarters in Tilden (5th floor MLK Student Union). Parents and coaches should **NOT** interact with event supervisors. Event supervisors have the right to issue scoring penalties or disqualifications to students due to aggression from parents or coaches.

Wristbands: Every competing student must be wearing a wristband. Students without wristbands will not be allowed to compete.

Waivers: Every attending minor must fill out two forms prior to the tournament. The first form is a liability waiver that can be found here (<https://tinyurl.com/ggso-activity-waiver>). The second form is a media authorization that can be found here (<https://tinyurl.com/ggso-media-waiver>) and should be printed and distributed to all minors (including competing students, alternates, and siblings that choose to attend as spectators) . **We are asking that coaches then scan the stack of forms and upload the file to a Google Drive folder (<https://tinyurl.com/waiver-upload>) by December 14.** Each coach should create a folder with their school name and put the scanned pdf files in this folder. If schools have two teams, please make a folder for each team. The forms may be submitted as a single pdf file or several, but a single is preferred. We will not require any paper copies to be submitted. If you haven't worked with Google Drive before, consider asking a tech-savvy student to help you out! If you're still having trouble, please reach out to us ASAP. **Scans must be done on a scanner or a cell phone scanner app.**

Badges: All tournament directors and event supervisors will have lanyard badges. Coaches and parents will **NOT** be allowed into exam rooms or into event competition areas that are not open to the public.

Photography: For spectator events, only a team's own coaches/parents may photograph that team and their devices. No one should take photos of other devices in impound. **Breaking these rules could result in disqualification/tiering.** Official tournament photographers will have badges and will take pictures of events to be shared with everyone!

Never alone policy: As we have minors on campus, we are following a "never alone" policy. There must never be a minor alone in a room with one adult at any time. Correspondingly, at no point should a minor be forced into a one-on-one situation with a volunteer, a member of our event staff, or other adult. We take our commitment to this policy very seriously. If you see an ongoing violation of this policy, notify headquarters immediately.

Food: Berkeley does not allow food in reserved rooms. Please **DO NOT** throw your trash away in the rooms. If food or food trash is found in the event rooms, UC Berkeley will fine you up to **\$5,000**. Unfortunately, we feel obligated to enforce this rule harshly, since a university violation would prevent future GGSO tournaments from being possible (and violating schools may share financial burden of any fines). Teams with food in their homerooms and trash cans face possible point deductions on their score and blacklisting from future GGSO events. We deeply apologize for this inconvenience but hope that it's not too troublesome. You are, however, allowed to have food anywhere outside!

Home Rooms: Each school will be assigned a spacious homeroom to use as a base for their teams. Schools may store tools, devices, and other belongings here, however, you should never

leave your room vacant when you have valuables inside. Golden Gate Science Olympiad is not responsible for any stolen or missing items. You may move desks around if necessary, but all desks and chairs should be returned to their original position. We recommend taking a picture at the beginning of the day so you have a reference of how to put the room back together. Please refrain from adhering items to the wall and from using the projector and other built-in technology in the room. Again, **food will not be allowed in any of the home rooms, classrooms, or any indoor area.**

Open Flames: Open flames, flammable materials, and incense, are prohibited by the UC Berkeley fire code. In particular, this means no barbecues.

Damage to University property: We are lucky to be able to host the Golden Gate Invitational at UC Berkeley. To maintain a positive relationship with the University and out of respect for University property, we expect that all of our competitors, coaches, and parents will treat University facilities with care. Competitors, coaches, or parents who damage University property may be dismissed from the tournament. Among other things, damage may constitute: Littering or other inappropriate trash disposal, burn damage, and broken desks and chairs. Additionally, do not forget that we are subject to University and City of Berkeley code. It is your responsibility to be aware of and obey these rules.
